

How Signatures Work

How digital signatures work in PaintScout including setting up your signature, how customers e-sign to accept estimates, and managing signatures on accepted documents.

PaintScout uses digital signatures on estimates: the estimator's signature comes from their profile, and the customer signs electronically when accepting. Both signatures appear on the accepted estimate.

How do you set up signatures?

Each user must first sign their signature in the **Profile** section.

The screenshot shows the 'Profile' section of the PaintScout interface. On the left, a sidebar contains a 'Back' link and two menu items: 'Profile' (highlighted with a green border) and 'Notifications'. The main content area is titled 'Profile' and contains three sections:

- EMAIL**: A text input field containing 'support@paintscout.com' and a blue button labeled 'CHANGE PASSWORD'.
- Contact Information**: A section with the subtitle 'Shown on estimates to help customers contact you.' It contains four input fields: 'FIRST NAME' (Jane), 'LAST NAME' (McKinley), 'PHONE NUMBER' (111.111.1111), and 'TITLE' (Best Estimator).
- Signature**: A section with the subtitle 'Place your signature here to auto-populate on accepted estimates.' It features a dashed rectangular box containing a handwritten signature. A green arrow points to the right side of this box. Below the box are two buttons: 'Upload Signature' and 'Clear'.

Once an estimate is sent, your customer can digitally sign to accept the project by clicking the **accept estimate** button.

Estimate #2023 for Emma Goldwyn
 Total value: \$1,963.19

How to force populate the estimator signature

If you would like the estimator's signature to be included before sending the estimate, simply click on the estimator's name at the top of the quote and re-select their name from the popup.

The screenshot displays the 'Flooring Estimate' form in the PaintScout application. The form is titled 'Flooring Estimate' and includes a 'Viewed' status. The top navigation bar shows 'DASHBOARD', 'ESTIMATES', 'INVOICES', 'REPORTS', and 'PEOPLE'. The form is divided into several sections: 'CONTACT' (PaintScout and Jane McKinley), 'JOB ADDRESS' (Johanna's Address), 'ESTIMATE ID' (2010), and 'DATE' (Aug 1, 2024 and Oct 11, 2024). A mouse cursor is hovering over the 'JOB ADDRESS' field. The form also includes a 'SAVE' button, a 'SEND...' button, and a 'VIEW' button. The bottom of the form shows a table with one item, 'Item', and a 'VIEW' button.
