

Sending Estimates

Send estimates to customers via email or text with customizable subject lines, body content, and follow-up settings.

PaintScout sends estimates to customers via email or text message with a customizable subject line, body content, and follow-up schedule. Click the **Send** button to get started.

A pop-up window will appear:

- On the right, you can view how the estimate will look when you send it. If you would like to preview the full estimate with additional presentation pages you can click the drop-down beside the send menu and select **preview**.
- On the left, you can edit your email message and other settings before sending it.
