

Additional Work/Change Orders

Add change orders and additional work to invoices with customer approval and signature.

Add approved change orders to an invoice after a project begins.

Before you start

Add additional work after the estimate is accepted. Customer approval is required before it affects the invoice total.

Additional work is available on invoices only. For pre-acceptance add-ons, use [Customer Accepted Options](#).

Add additional work

1. Create an area or line item as an option.

Options ☒

These items are optional additions and are not included in the total.

The item moves to the **Pending Additional Work** section.

 Pending items do not affect the invoice until the customer approves them.

Get customer approval

Customers can approve the work in two ways:

1. For on-site approval, select **Option Approval Required**. The customer signs for the additional work immediately.

Pending Additional Work  **Option Approval Required**

Item	\$
Front Porch Deck Surface	\$168.00 ...

2. You can also send the invoice. The customer will then select **Accept Additional Work**, and signs.

 **Accept Additional Work**
