Sales

Sales users have access to **all actions** listed below, including Share with Staff, Save as Template, and Delete Estimate.

Depending on their [custom permissions](#), the Sales user can either only access their own estimates, or all estimates.

Team

Team users can **view and send** estimates from all users but **cannot create** new estimates. They can Preview, Send, Copy links, and Download PDFs. They cannot Save as Template or Delete.

Painter

Painter users have **limited actions** on estimates shared with them. They can Preview estimates and work orders, add additional work, and create invoices. They **cannot** send estimates to customers, save templates, or delete estimates.

1. Preview/Accept

View the quote from your customer's perspective. Also useful for on-site presentations to close the job on the spot.

Estimate Total \$8,628.22

Estimate

Item	\$
Interior Preparation - Cover and protect all floors and furniture with drop cloths and plastic sheets. - All cracks and nail holes holes will be caulked and filled as needed. - To ensure proper paint adhesion, all glossy surfaces and trim will be sanded and cleaned (as needed). Any rough areas will be sanded to remove flaking paint.	
Office Walls, Ceiling, Baseboards	

2. Share with Staff

Share the estimate directly with Painter and Sales users on your team. These users can only see estimates shared with them or ones they created. Select a recipient from the pop-up to send an email notification and make the estimate visible in their estimates tab.

3. Create Invoice

Automatically generate an [invoice](#) from the estimate. The associated invoice is then accessible directly from the estimate.

This is an accepted estimate. We recommend updating or adding to the invoice.

[VIEW INVOICE](#)

4. Save as Template

Save the current estimate as a reusable [template](#). Customize the template by removing personal details before saving.
