

Notes Overview

Learn about all types of notes in PaintScout including client notes, crew notes, estimator notes, contact notes, and status change notes.

PaintScout has five types of notes, each visible to different audiences: client notes, crew notes, estimator notes, contact notes, and status change notes. Choose the right type based on who needs to see the information.

Client Notes

Estimate Notes

You can leave a note that will appear on the estimate underneath the totals box. Open the sidebar menu on your right and select **Advanced**, then leave your note under the **Client Note** section.

Sub Total	\$26,125.00
Additional Work	\$7,750.00
Total	\$33,875.00

Just wanted to let you know that we're excited to begin working on your painting project. Our team will be arriving on July 15 at 7:00 AM to start the preparations.

Area Notes

If you want to add a note to your customer about a specific area, open the area > click the **edit** at the top > **Notes** button > **Client Note**.

Area Notes

You can add a crew note to an entire area by clicking the area > **Edit** at the top > **Notes** button > fill in your information in the **Crew Note** box.

The screenshot shows the 'Exterior Quote' page in the PaintScout application. The top navigation bar includes 'DASHBOARD', 'QUOTES', 'INVOICES', 'REPORTS', and 'PEOPLE'. The 'QUOTES' tab is active. Below the navigation bar, there's a 'BACK TO QUOTES' link and the title 'Exterior Quote' with a 'Draft' status. Action buttons for 'SAVE' and 'SEND' are visible, along with a note 'Last saved 19 days ago'. A tabbed interface shows 'QUOTE', 'PRESENTATION', 'WORK ORDER', 'ARCHIVED', and 'NOTES'. The 'QUOTE' tab is selected, displaying contact information for 'PaintScout Playgroundd' and 'Nastassia Reicher'. Below this, there are fields for 'CONTACT', 'JOB ADDRESS', 'QUOTE ID' (2127), and 'DATE' (2023-06-15), with 'EXPIRES' set to 2023-08-03. A 'Quote' section lists items: 'Whole House', 'Caulking' (with sub-item 'Caulk the exterior'), 'Stucco' (with sub-item 'Paint Stucco'), 'Exterior Side of doors (2)', and 'Fence Stain'. A '+ ADD AREA OR LINE ITEM' button is at the bottom.

The note will appear on the work order under the area.

Estimator Notes

During your initial walk-through, you can use the Estimator Notes section as your virtual scratch pad to jot down important details. These notes remain completely internal and are only visible to other PaintScout users. They will not be shown on the work order or estimate.

To add Estimator notes, click the **Notes** tab within your estimate.

- Client prefers warm beige for living room walls - *to discuss specifics during colour consultation*
- Repair cracks on ceiling in bedroom
- Discuss cabinet refinishing options.
- Advise on baseboard replacement in Living Room
- Tile grout repair needed -- *referred to Mike*
- Evaluated siding condition, potential for power washing.

Contact Notes

You can use the Notes section on contact profiles to leave important information about your customers. These contact notes are strictly internal and will not be visible on the work order or estimate. However, they will show up on the exported report of your contact list.

To add a contact note, simply edit the contact directly on the estimate or go to their profile under the People tab and use the provided Notes section.

Client's preferred payment method is credit card.
Prefers to be contacted via email for all project-related updates.

Status Change Notes

Sometimes, you may need to indicate the reasons behind a customer's decision, such as a declined estimate or putting it on hold. In such cases, you can leave a note by clicking the **Status** in the estimate and typing your message in the **Status Change Reason Box**.

These notes won't be displayed on the estimate or work order but will appear as an internal banner along the top of the estimate, visible to other PaintScout users.
